Annex to Certificate No. 050-018970

Conditions for the validity and use of the Certificate:

1. The Certificate of Conformity may only be used for the purpose for which it was issued.
2. The holder of the Certificate is obligated:
 - a) to inform the Certification Body about any changes – product or production process modifications, material changes and changes to the factory production control – affecting the conformity of the certified product;
 - b) to inform the Certification Body about any changes in the ownership, structure or management;
 - c) to keep records of any complaints with respect to the non-conformity of the certified product with the requirements of the applicable standard;
 - d) to adopt appropriate measures for the elimination of non-conformity, and to document the measures adopted;
 - e) to submit the above-mentioned records about complaints upon request of the Certification Body;
 - f) to allow the Certification Body to carry out periodic supervision throughout the period of validity of the Certificate.
3. The Certification Body will conduct a re-assessment of the product should the technical specifications change.
4. The validity of the present certificate is subject to positive evaluation of the results of supervisions as indicated in the reports of the Certification Body submitted to the Certificate Holder.

The present Annex is an integral part of Certificate No. 050-018970.
